Federal Government Announces New Investments In Bruce Peninsula National Park And Fathom Five National Marine Park

News Release, Larry Miller, MP Bruce-Grey-Owen Sound

Larry Miller, MP for Bruce-Grey-Owen Sound, on behalf of the Honourable Leona Aglukkaq, Minister of the Environment and the Minister responsible for Parks Canada, announced infrastructure investments totalling \$15.6 million for several Parks Canada projects across Bruce Peninsula National Park and Fathom Five National Marine Park.

This investment comes as part of the largest federal infrastructure plan in the history of Parks Canada. The investment includes work to recapitalize and renew highly visited areas of Bruce Peninsula National Park including its entrance ways and visitor centre. At the Grotto and Singing Sands Beach, investments will improve access and better direct visitor flow while protecting the surrounding ecosystems. Renewal of Cyprus Lake Campground facilities will upgrade services to this popular area. Work on several projects on Flowerpot Island in Fathom Five National Marine Park includes dock repair, trail recapitalization and the replacement of lavatory facilities.

"I am very pleased that the Federal Government will be investing in Bruce Peninsula National Park and Fathom Five National Marine Park to ensure that these parks are protected and remain open to the public," said Miller. "These parks attract a number of tourists every year who come to enjoy the great outdoors. This funding will both protect the local environment and benefit the local economy."

Local Lioness Recycle 1,000+ Cycles For Africa

Submitted by Shirley Teasdale

Some 80 used bicycles are on the way to Africa, thanks to the generosity of Bruce Peninsula people, and the work of the Ferndale, Lion's Head & District Lioness Club.

Earlier this year, a call went out to all Lions & Lioness clubs in District A9 from Lion Hank Van Moorsel, who was then Governor of District A9 of Lions

New Physician Dr. Elaine Blau To Join The Peninsula Family Health Team

Photo: Dr. Elaine Blau will be joining the PFHT this September as a full time physician.

Submitted by Pamela Loughlean, Executive Director, Peninsula FHT

The Peninsula Family Health Team is pleased to announce the upcoming arrival of a new physician to the Northern Bruce Peninsula medical practice.

Starting in late September, Dr. Elaine Blau will join the Peninsula Family Health Team.

Dr. Blau will be a familiar face to many of our patients as she most recently worked in the PFHT clinics and the GBHS-Lion's Head hospital

during Dr. Appelton's maternity leave.

She brings over twenty years of family practice experience to the Family Health team, and currently serves as the Rural Stream Sites Director for the Department of Family Medicine at McMaster University.

Dr. Blau will be taking over the full roster of patients from Dr. George Harpur who will be retiring from full time practice at the end of September.

After forty one years of demonstrated care and compassion to the residents of Northern Bruce Peninsula, Dr. Harpur will withdraw from full time clinic and hospital duties. We are very happy to report that he plans to continue in his role as a provincial Coroner in this area, as the Medical Director for the

Tobermory Hyperbaric Facility, and many other local projects.

Dr. Blau and her husband Brian, have been summer residents in Tobermory for many years and look forward to calling Northern Bruce Peninsula their permanent home.

Please join us in wishing both Dr. Blau and Dr. Harpur the very best as they undertake these new roles in the provision of medical care for the residents of Northern Bruce Peninsula.

48TH ANNUAL BRUCE PENINSULA

Art Show

AT BRUCE PENINSULA DISTRICT SCHOOL, MOORE ST, LION'S HEAD

Price Ranges for Everyone

Begins with **Meet the Artists** Friday July 31 7 pm - 9 pm

and continues on... **August 1, 2 & 3** 11 am - 5 pm

Commissions from the show provide bursaries to students continuing in the arts.

Summer Classic Golf Tournament Has A New Name: Tobermory Marine Charity Golf Tournament

Submitted by Sarah Peacock

It is with great pleasure that Primary Place Daycare is able to announce that our Summer Classic Golf Tournament has an official sponsor, Tobermory Marine. This year is the 18th anniversary of the Summer Classic and is renamed the Tobermory Marine Charity Golf Tournament.

The tournament will take place on Friday, August 14th at Cornerstone Golf Course. Those wishing to play eighteen holes will start at 12:00 pm. The nine hole option will begin at 3:00 pm.

Ancient Cedars is hosting our dinner and silent auction, which follows the tournament at 6:00 pm. Please contact the golf course if you would like to register to play in the tournament or to come for the dinner.

Each year, the daycare has been blessed by this community that comes together to support our silent auction and prize table. If you wish to make a donation to this worthy cause email sarahegarcia@yahoo.com. Thank you to all of the businesses who have donated so far. Please visit our Facebook page to see the list of wonderful contributors!

Lion's Head Hospital Auxiliary Health Fair Returns August 15th

Submitted by Sharon Winegarden

Following a very successful first time venture in 2014, the Lion's Head Hospital Auxiliary is again sponsoring a Health Fair on Saturday, August 15th at the Lion's Head Community Centre (the arena). The fair runs from 10:00 am until 3:00 pm.

"We have new and returning exhibitors this year," reported convenor Sharon Winegarden "and it looks like another great venue to promote all the different services available to both full time and summer residents on the Bruce Peninsula."

While the Auxiliary's primary purpose is to raise funds for capital equipment needed by the Lion's Head Hospital, the group feels that promoting healthy minds and bodies is also part of its services to the Northern Bruce Peninsula communities.

This Health Fair is free of charge to the public with the Hospital Auxiliary members offering healthy lunches at a reasonable price. Take your time visiting the individual exhibitors: try out a piece of equipment from MackHall Mobility, get a demonstration of how therapeutic touch works, discuss individual needs with Home and Community Support Services, ask questions, be informed.

"You'll be amazed at how many services we have available to us here. We really want everyone to know about them. So, drop by and see what's happening," said Winegarden.

PUBLISHER'S COLUMN

Bridge Construction May Solve 63-year-old Cold Case Murder

A few weeks ago, I took the ferry from South Baymouth to Tobermory. In the parking lot at South Bay, waiting to board the ferry, was one of Wes Rydall's trucks. As I strolled past, I saw that the driver was none other than Wes himself.

"I've got a story for you," Wes told me. "You remember that article in the paper about the Kendall murder?"

I did indeed remember. Sue Dawson researched and wrote it. We ran it on page 12 of the May 26 issue. The murder took place at Lake Scugog by Johnston's Harbour on August 1, 1952 but no one knew that at the time.

Her family in Perth County reported Helen Kendall missing a few weeks after she disappeared but the mystery unfolded very slowly. A box of blood-stained clothing was found at Johnston's Harbour on September 4th but Helen Kendall's body was never found. Her husband, Arthur James Kendall, was eventually charged in January of 1961 and was convicted of murder in October of that

year, mainly on the testimony of his children who had witnessed the murder.

It was the first time in Canadian history that a murder conviction was reached without a body.

The theory at the time was that Kendall had disposed of Helen's body in Lake Scugog or the Crane River. But as Wes Rydall explained to me, there was another theory.

Wes worked for Harvey Warder's trucking and excavating business for years, beginning in 1970. "Harvey was quite a historian," Wes told me. He came from a family of history buffs (his father and brother both wrote local history books) and he loved to tell a story. There was one story in particular Wes thought I'd be interested in. It concerned the Kendall murder.

Sixty-three years ago, a major improvement of Highway 6 was underway. A lot of the Bruce Peninsula's young men found themselves earning quite a good living on that project.

Two of those were Fred West and Harvey Warder, lifelong pals, both from Lion's Head.

In the summer of 1952, the crew was building a proper bridge over the Crane River. A dozen or so people were working at that site including West and Warder.

On Monday, August 4th, 1952, Fred West arrived at work and found that his bulldozer wasn't where he had left it on Friday afternoon, and that "somebody had pushed a bunch of fill in around the culvert". Nobody thought anything about it at the time.

But when the rumours of murder started, a few weeks later, Fred West put two and two together. He believed that Helen Kendall was buried beside the culvert at Crane River. Others discounted his story — West was known to imbibe a bit on the weekend and his lack of focus on Monday mornings was a bit of a legend.

West always "swore up and down that's where Helen Kendall was buried."

But Wes Rydall clearly remembers what Harvey Warder told him — as long as he lived, Fred West always "swore up and down that's where Helen Kendall was buried". For his part, Harvey always said that we would find out for sure when they rebuild the Crane River bridge.

As it happens, that would be now. Was Fred West right? Harvey and Fred are gone but we should know in a few weeks; the construction signs are up already.

Stay tuned.

Bulldozer operator Fred West always said that on the weekend of Aug 2-3, 1952, somebody used his bulldozer to push a load of fill down beside the culvert at Crane River. That was the weekend Helen Kendall disappeared a few miles away at Johnston's Harbour. Her body has never been found.

OPP Report: Numerous Cases Of Excessive Speed On The Bruce

DRIVER CHARGED WITH EXCESSIVE SPEED

On July 2, 2015 at 3:43 p.m. a Bruce Peninsula Ontario Provincial Police (OPP) officer was conducting radar patrol in an unmarked OPP cruiser, northbound on 6 Highway, Northern Bruce Peninsula, ON.

Police observed a northbound vehicle, black Infinity, driving at a high rate of speed, then overtake the unmarked cruiser. A 22-year-old male from London, has been charged with race a motor vehicle, under the Highway Traffic Act. His licence has been suspended and his vehicle impounded for 7 days. He is scheduled to appear at the Owen Sound Provincial Offences Court on September 28, 2015 to answer to the charge.

DRIVER CHARGED WITH RACING

On July 4, 2015 at 6:40 p.m., a Bruce Peninsula Ontario Provincial Police (OPP) officer was conducting radar patrol, northbound, on 6 highway and Pike Bay Road, in Northern Bruce Peninsula, ON. A southbound vehicle, white BMW, was observed driving at a high rate of speed. A 27-year-old male from Toronto, has been charged with race a motor vehicle, fail to surrender permit for vehicle and fail to surrender insurance card. His licence has been suspended and his vehicle impounded for 7 days. He is scheduled to appear at the Owen Sound Provincial Offences Court on August 17, 2015 to answer to the charges.

TWO DRIVERS CHARGED AND VEHICLES IMPOUNDED AT THE SAME TIME

On July 4, 2015 at 9:40 p.m. a Bruce Peninsula Ontario Provincial Police (OPP) officer was conducting radar patrol, in an unmarked OPP cruiser, northbound on 6 Highway and Lawrence Road, Northern Bruce Peninsula, ON. The officer observed two vehicles driving southbound; a grey Honda Civic and a silver Honda Civic. The vehicles were driving in tandem at high rates of speed.

Both drivers; a 24-year-old male from Ajax and a 25-year-old male from Barrie; have been charged with race a motor vehicle. Their licences have been suspended and their vehicles impounded for seven days. They are required to appear before the Owen Sound Provincial Court on August 31, 2015 to answer to the charges.

CHARGE LAID FOR FAILING TO STOP FOR EMERGENCY VEHICLE

On July 17, 2015 at 7:00 p.m., a Bruce Peninsula Ontario Provincial Police (OPP) officer was conducting radar patrol on 6 Highway in Northern Bruce Peninsula ON.

The officer observed a grey Toyota Camry driving at a high rate of speed. The officer activated the cruiser's emergency lights in an effort to stop the vehicle. The officer positioned his cruiser beside the vehicle and motioned to the driver of the

Toyota to pull over.

A 29-year-old female driver from Massachusetts, USA, was charged with failing to have insurance card and failing to stop for an emergency vehicle and for speeding.

DRIVER CHARGED WITH EXCESSIVE SPEED

On July 17, 2015 a Bruce Peninsula Ontario Provincial Police (OPP) officer was conducting radar patrol in an unmarked

**OPP Report
cont'd from previous page**

OPP cruiser on 6 Highway, Northern Bruce Peninsula, ON.

The OPP officer observed a vehicle, black GMC driving northbound, at a high

rate of speed. A 34-year-old male from Niagara Falls, has been charged with speeding 50 k.m., over the speed limit.

DRIVER CHARGED WITH EXCESSIVE SPEED

On July 24, 2015 at 7:19 p.m. a Bruce Peninsula Ontario Provincial Police (OPP) officer was conducting radar patrol

southbound on 6 Highway and Pike Bay Road, Northern Bruce Peninsula, ON.

Police observed a red BMW 320 passing several vehicles northbound at high rates of speed. The vehicle returned into the northbound lane and continued to accelerate. A 21-year-old male, from Scarborough has been charged with

race a motor vehicle, under the Ontario Highway Traffic Act. His licence has been suspended and his vehicle impounded for 7 days. He is scheduled to appear at the Owen Sound Provincial Offences Court on September 17, 2015 to answer to the charge.

Biosphere Call For Volunteers: A Rewarding & Unique Experience

Submitted by Amanda Stanger and Craig Stephens, BPBA Environmental Techs

The Bruce Peninsula Biosphere Association has some amazing opportunities coming up for anyone interested in learning more about the unique environment on the Bruce Peninsula and becoming more involved in the community. Over the next two months we are going to be working on a number of different projects and are encouraging people to come out and get involved.

Become a Phrag Fighter

Phragmites is an invasive plant species that have made its way to the Northern Bruce Peninsula and we

need your help to control its spread. This opportunity will get you out into some of the most remote areas on the Peninsula where you will be assisting in the removal of phragmites. You will be able to take in the majestic scenery and perhaps sight some of the rare wildlife native to the surrounding area. Bring your binoculars!

Identify Perched Culverts

In order to maintain migratory fish paths and healthy fish populations, the BPBA will be assessing culverts in order to identify perched culverts. Perched culverts are culverts that are too high above the stream surface creating a barrier to migration and spawning. Come out and learn more about the

local watersheds and what kinds of fish thrive in them!

Keep Our Water Clean

To prevent cattle from trampling the riverbank and filling the rivers with mud and bacteria, the BPBA is looking for some energetic individuals to help string electric fencing. Establishing this fencing is one of the key elements necessary to complete the BPBA's alternative watering systems for cattle, which uses solar energy to power the pumps used to fill the water troughs. Appropriate fencing encourages cattle to use these troughs and keeps cattle from drinking directly from the streams thus maintaining clean water downstream.

Whether you are a community member who wishes to get some exercise out of doors while contributing to a good cause, or a student in need of volunteer hours we implore you to come out to these unique and rewarding experiences. For more information on these opportunities or to sign up as a volunteer please email us at info@bpba.ca.

Barrow Bay Sport Fishing Club

Annual Fish Dinner

Saturday, August 8th
4pm to 7:30pm

60 South Shore Rd. in Barrow Bay

Don't miss out on this great meal served on a lake setting, with Fish, Salad, Potatoes, Fish Chowder, and Homemade Desserts

Proceeds go to Fish Stocking, Stream Restoration Projects, and Local Fund-Raising Programs

Tickets
Contact Bob Henderson at 519-793-3139

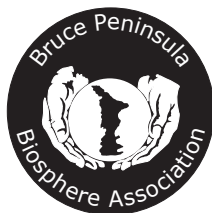

Adults	\$18
Children (12 and under)	\$5 (at the door)

Stop Lights At Dorcas Bay Only Temporary

There are three sets of lights at the intersection of Hwy 6 and Dorcas Bay Road, but don't worry — they aren't permanent. They're only there to manage the lane closures while the culvert under the highway is upgraded.

Bruce Peninsula Biosphere Association

Apology

We wish to apologize for the wrong date for a Septic Workshop in Stokes Bay being printed in the last Bruce Peninsula Press through an error on our part. About a dozen people wasted leisure time on Saturday morning as a result, and we are truly sorry to have caused frustration and disappointment. We are taking steps to avoid such an occurrence in the future and hope those affected will continue to support the work of the Biosphere Association.

A.G.C.O. Special Occasion Permit. Sponsored by the Bruce Peninsula Family Centre.

Lioness Recycle Cycles cont'd from page 1

International. Lion Hank's goal for the year he was governor was to recycle 500 bicycles and ship them to third world countries where a bike might make all the difference to someone who has to walk miles to work, or school, and to help people become independent and improve their lives and communities.

The bikes can be adult, or kids size, and even non-functioning, because

they would be fixed and donated to the cause.

The Ferndale, Lion's Head & District Lioness Club answered the call, and Lioness Mary-Anne DeVries, assisted by Lioness Jackie Souter, volunteered to head up the project here on the Bruce Peninsula. Bruce Peninsula people also answered the call. Within weeks, Mary-Anne's driveway was filled with bikes, and many of them were stashed away in bush lots until they could be picked up.

People passing by were asking to buy

the bikes. Some of them looked almost brand new.

So far, Lion Hank's project is exceeding all his expectations. His goal of 500 has now risen to more than 1,000 bicycles, with more coming. Two crate loads will be shipped overseas. The first is going to Capetown in South Africa, and this is where the Bruce Peninsula cycles will go. They are shipped to an organization that then distributes to people across Africa. People pay a minimum fee, with the theory that if they

pay then they look after them better.

Lion Hank liaises with a US organization called Bikes for the World. More than 100,000 used bicycles have been shipped from the U.S. so far.

In addition to helping those who cannot afford bikes, this project also helps with recycling and keeping excess waste from our landfill sites.

The Lioness Club thanks all Bruce Peninsula people who participated in this program and who donated so generously.

Bayside Astronomy: Preparing For The Perseids

Submitted by Reed Rodgers

As July comes to an end, Bayside Astronomy will start to gear up for one of the largest meteor showers of the year- the Perseids! This meteor shower occurs every year, but this year will be special, because normally the peak, when the shooting stars are thickest, will be at midnight and without a moon. This makes it a lot easier to see than other years because the peak is normally early in the morning and there is normally a moon that is too bright to allow for the full effect of the meteors.

Because of this unique opportunity to see the shower, Bayside Astronomy will be in two locations on August twelfth, during the shower's peak. We will be at Summerhouse Park in Miller lake, as usual, and we will also have volunteers

at the P.O.D. in Lion's Head. With us you can learn what exactly a shooting star is, why the Perseids happens every year and answer any other questions you might have, as well as show you a few things in the telescopes if you get bored of watching the sky!

The other major event in the sky these days is the New Horizons space probe. By now the probe will have made its closest approach to Pluto some time ago, but it will take almost sixteen months to beam all the data back to earth. The crew at Bayside Astronomy will be staying on top of the new information as it comes in and will give a small update each night. There are still a lot of unanswered questions around Pluto, and the photos from the probe seem to be opening up even more mysteries. It will almost certainly

be an interesting next couple of months as new theories are proposed and our knowledge of the former planet grows.

As always, the perseid party and all our other programming is absolutely free, thanks to funding from HRSDC, secured by the Biosphere Association, and of course the hard work and dedication of all our volunteers to run the programme. The Bayside Astronomy programme runs on Fridays and Saturdays at the Lion's Head POD, Mondays at Miller's Family Camp, Wednesdays at Summerhouse Park and Thursdays at Singing Sands. The programme generally starts around 9 PM and runs as long as people stay out (normally midnight).

Bayside Astronomy is run to raise awareness about Dark Skies on the Bruce

Peninsula, a cause championed by the Bruce Peninsula Biosphere Association, as well as Bruce Peninsula Environmental Group, Bluewater Astronomical Society, and many dedicated volunteers. Since the initiation of the dark skies programme, there has been a noticeable difference in the darkness of our skies on the Bruce thanks to the hard work of the volunteer groups. You can do your part by installing dark sky friendly lights (which are similar in cost to normal lights and more energy efficient) as well as simply closing your blinds at night, so light doesn't get out and people don't see in. See you under the stars!

BPHSF Walk To Create Possibilities Getting Closer

Submitted by Tiffany Robbins, Special Events Coordinator, BPHSF

Walk to Create Possibilities 2015 is less than a month away! Bruce Peninsula Health Services Foundation is excited to produce another 30 km walk/relay from Lion's Head to Warton Hospital on August 22nd and we hope to see you there. Register and pledge a walker online - www.raceroster.com/5850.

The Walk to Create Possibilities has already created a great level of community awareness for our local and regional hospital needs. We hope to have as many community members, business owners, extended family members and friends walk with us. Everyone is welcome to participate, volunteer, sponsor, form cheer squads, decorate, wear t-shirts to support the event, collect pledges and more. Walkers must be over 13 years of age and ages 13-16 must be accompanied by an adult. Walkers can participate in the entire 30km journey down Bruce County Road 9 or participate in the journey as a relay team. That's right! To support such an amazing cause, you don't have to do it alone!

The Walk to Create Possibilities begins at the Lion's Head Hospital at 9:00 am. By approximately 4:00pm, all of the participants will be making their way down Berford Street

toward their final destination - the Warton Hospital.

At the end of the day, participants, volunteers, community members, business owners, families and friends are welcome to attend our closing ceremonies BBQ, which is by donation. There will be entertainment, food and beverage, and most importantly, the end of day celebrations.

Are there any members of your family, co-workers, friends, neighbours or local businesses who might be interested in helping, walking or supporting in some way? Find out more by contacting Bruce Peninsula Health Services Foundation.

Did you notice last years blue and green bows? The Walk to Create Possibilities committee will, once again, sell and hang blue and green bows throughout the towns of Warton and Lion's Head, the two community hospital locations supported by Bruce Peninsula Health Services Foundation. These bows have been purchased and hung by businesses and families to showcase the community involvement and support for the Walk to Create Possibilities. If you would like to show your support, please contact us today to order your bows!

BPEG July Meeting - The Greenbelt: Co-ordinated Conservation

Submitted by Bev Sawyer

The Hall was full to overflowing when Ontario's Greenbelt was unpacked at BPEG's July meeting. Three speakers outlined the co-ordinated review of four provincial conservation plans. Robert Pineo, for the Ministry of Natural Resources and Forestry's Niagara Escarpment Program; Judy Rhodes-Munk, planner with the Niagara Escarpment Commission; and Felix Whitton, from the Friends of the Greenbelt Foundation, shared the history and goals of these plans in the co-ordinated review now underway. Stage one of two periods of public consultation is drawing to a close.

Robert began with supplying background. The first Niagara Escarpment Plan was finalized in 1985. In 1997 Provincial Policy Statements contained reference to 'natural systems' and 'corridors'. The Oak Ridges Plan in 2002, was born of concern about urban sprawl, environmental degradation, and particularly, protection of water resources. In 2005 the Greenbelt Plan took in another million acres, focussed on Natural Heritage, Water Resources systems and agricultural protection in particular. A systems-based approach set in. In 2006 Places to Grow created the Growth Plan for the Greater Golden Horseshoe. It was about where and how to grow as opposed to previous plans which were about what to protect. The latter three plans are with the Ministry of Municipal Affairs and Housing. The original Greenbelt concept was larger and took in the whole of the peninsula; now our Greenbelt area closely follows the Bruce Trail.

Shared goals have brought about this co-ordinated review; they include: protecting our finite resources of agricultural land, water, natural areas and wetlands; aligning land use planning and infrastructure, including transit; fostering healthy, complete communities that can reduce healthcare costs and attract workers and employers; building resilient communities in the face of climate change and improving alignment between the plans and efficient implementation. An Advisory Panel chaired by David Crombie is developing recommendations on how to improve the plans and will deliver its report to the Ministers by Sept. 2015.

Lands that are protected sell at a fraction of the return realized from lands outside protected areas (a tenth in the case of farmland). Hence the comment that greenbelts take good care of farms, but not farmers. The David Suzuki Foundation estimates the value of services provided by the protected environment at 2.6 billion dollars a year, beginning with air and water cleansing. Municipalities, landowners, stakeholders, Aboriginal communities

and the general public are among those offering input. The second stage of public consultation will be looking for feedback on amendments.

Judy spoke of the commission's response to twenty-one topics in the review, including additions to the plan (natural geophysical features, like islands), interests of endangered species, and small scale uses, such as B&Bs.

Felix described the Friends' engagement with their 40,000 supporters, and their efforts to bring together those affected by the plans. The Greenbelt and our Biosphere Association share similar visions - balancing agricultural, economic and environmental interests - (the two have worked together for the past three years and our conservation and stewardship program received a Greenbelt grant). The Friends support 104 farmers' markets and have undertaken a pilot project on farm energy-efficient technologies with impressive results. Special areas of interest include the Holland Marsh and the Niagara fruit and wine producing regions. Challenges arise when habitat crosses farmland and linkages range outside the belt or transit infrastructure risks fragmenting the land base and contributing to climate change. Funded mainly by the province, the Friends foundation consults with stakeholders. There's a need for monitoring effectiveness, reducing 'red tape', mapping and defining regional agricultural systems (neighbours with gm crops, windmills, hog barns...) for protecting 'external connections', growing the Greenbelt to include urban river valleys and for provincial funding commitment. The region's Greenbelt, containing almost two million acres, is the largest and most strongly protected greenbelt in the world.

BPEG's next meeting will be on Wednesday, August 5th, 7:30 p.m. at the Christ Church Parish Hall. Stephen Scharper will be sharing the film Journey of the Universe.

Life Around Tobermory United... From The Desk Of The Lazy Theologian - 43rd Annual Chicken BBQ August 1st

Submitted by Brad Inglis

Ok, so we are at the end of July, you only have a month left to complete whatever you planned for this summer. Have you been to the Grotto? Made your annual trek to the Bruce Peninsula Bird Observatory? Been out on one of the boat tours? Swam at Dunk's Bay? Ate ice cream at the harbour? Visited the museum? Made it out to Wednesday night bingo at the community centre? What are your "have to do" summer excursions that make summer, summer for you? If nothing else, Tobermory is full of traditions. Whether you live here or visit, everyone seems to have something that they have to do, or the summer isn't complete.

I believe I say this every year, and every year it is the same - it's all about the Chicken Barbecue this week! Saturday, August 1st is our 43rd Annual Tobermory United Church Chicken Barbecue at the Community Centre from 5:00 to 7:00 pm. There has been a long line of dedicated volunteers over the years who have helped to make this a great success. More than 400 dinners are served which include a half chicken, roll, coleslaw, baked potato, vegetable, dessert and beverage. There is also a silent auction table with lots of treasures for home or the cottage. If you would like to volunteer or have something for the silent auction table, please call the church at 519-596-2394. Don't forget that take-out is also available. I'll be the one in the chicken suit out directing traffic!

On Friday, August 7th we are happy to host the musical duo Jennis, made up of Dennis Gaumont and Jen Gillmor. Their music is a rootsy blend of blues, funky jazz and folk, using an array of unique instruments from the cello, jaw harp to the didgeridoo. There will be refreshments during the intermission and the concert begins

at 8:00 pm. Tickets are \$15.00 and children are free. To learn more about Jennis, check out their web page at <http://jennis.ca>.

The Thrift Shop continues to bustle, thanks to our wonderful volunteers, all those who have dropped off gently used items and of course to our delightful shoppers who keep coming back in search of treasures. Miss one day coming, and you may just miss the find of the summer! We aren't called the Walmart of the North for nothing.

I never seem to give our drumming group much attention other than a casual mention, but this is a long standing group who meet at the church throughout the entire year at 11:00 am every Thursday morning. Together, this informal group creates beautiful rhythms that resonate throughout the village. You don't have to have any experience (just a heart beat I'm told), there is often an extra drum kicking around and drop-ins are always welcome.

If you haven't bought your tickets yet, there are still a few left for the 5th Annual Dinner Cruise on September 12th in support of the Tobermory Health Services Auxiliary. It makes for a great evening of excellent food, music and close up views of our beautiful coast. I have already tested my water wings so I'm good to go and happy to be the MC again this year.

Summer 2015 is in full swing, this is the time to get out and experience it because it will never be here again. That's the funny thing about living in the present. It's here today and gone tomorrow and it's up to each of us to grab hold.

Brad Inglis is the minister at Tobermory United Church. He can be reached at binglis2@me.com.

Lion's Head Hospital Auxiliary Opens Book Store To Support Local Hospital

Submitted by Sharon Winegarden

BUSINESS IS BOOMING! In books, that is. The smallest used bookstore on the Peninsula is open and ready for business. Operated by the Lion's Head Hospital Auxiliary the proceeds will be used to support the hospital.

"We started out with thousands of donated books," said bookstore manager Sharon Winegarden, "but have selected around 2,000. They range from Spirituality to Self-Help, Children to Teens and Fiction of all kinds. There are topics for everyone."

Where is this den of delight, you ask? Thanks to the generosity of a local business woman we are located on the lower floor of the new Dandy Lion gift shop on Main Street in Lion's Head.

Hours of operation will be Thursday to Sunday afternoons from 1:00 until 5:00pm and will be staffed by Hospital Auxiliary volunteers eagerly taking turns and catching up on their own reading.

Drop in, browse, chat with our Hospital Auxiliary members, make your selections and by doing so support the local hospital.

PUBLIC MEETING

1. Planning Report
Zoning By-law Amendment
David, Laurie, Lynn Myles
149 Hardwick Cove Road
File No. Z-18-15.62

RE: 4109-620-005-20000
4109-620-005-20100
4109-620-005-04200

Mr. Jakob Van Dorp introduced Mr. Brian McHattie, Planner for Bruce County Planning Department.

Mr. Jakob Van Dorp, Bruce County Planner, reviewed the report. Mr. Van Dorp stated that the purpose of the application is to amend Comprehensive Zoning By-law No. 2002-54, as amended, for the lands described as Plan M-10 Block A Sec M 10 PCL 1-A2 (Eastnor), the amendment proposes to rezone approximately 4149 square metres from "EH Environmental Hazard" and "R2 Resort Residential" to R2-XX-2015 Resort Residential Special to deal with hazard, lot area and frontage.

Mr. Van Dorp outlined the nature and intent of the application, providing the location, description, servicing and compliance with the Zoning By-law and the Local Official Plan. He advised that no objections have been received from the agency circulation. The Grey Sauble Conservation Authority (GSCA) identified that the 177.6m elevation to be located on the water side of the road and areas of potential flooding include the road allowance. The GSCA identified wooded areas with vegetation and pockets of wetland vegetation. The GSCA recommended that consolidation of

the three (3) lots to yield two (2) lots would protect the majority of the natural areas on site. The GSCA noted that proposed natural hazard zoning covers wetland areas which can function as significant wildlife habitat. The GSCA recommended that an Environmental Impact Study is not required to address Eastern Massassauga rattlesnake habitat for development associated with a two-lot configuration. Municipal Staff have provided comments that were approved by Council Resolution No. 13-04-2015:

1. THAT a surveyor's drawing be completed and a copy filed with the Municipal Clerk, the Registrar and two copies filed with the Approval Authority for the County of Bruce or an exemption from the survey be received.

2. THAT the Municipality provide written confirmation to the Approval Authority that the Municipal conditions as imposed herein have been fulfilled.

3. THAT the Clerk of the Municipality provides written confirmation to the Approval Authority that the zoning amendment by-law is in force and effect pursuant to the provisions of the Planning

June 22, 2015 COUNCIL MINUTES

cont'd from previous page

Act, 1990, as amended.

4. THAT the owners shall provide a drainage plan of the subject lands for approval by the Public Works Department.

5. THAT only one 911 civic address will be assigned to the lands (shown in green) which property will be numbered on Hardwick Cove Road.

6. THAT, pursuant to Section 53(42) of the Planning Act, the Certificate of Consent be affixed to the deed within one year of the giving of the Notice of Decision. Note that Section 53(43) of the Planning Act requires that the transaction approved by this consent must be carried out within two years of the issuance of the certificate (ie. stamping of the deed).

7. THAT the applicant pays a \$130.00 fee at the time of certification of the deeds.

Staff noted that there is an existing septic system, which is on a piece of land that is proposed to be severed from the existing cottage dwelling and added to the adjacent vacant lot. In order to avoid running afoul of Building Code and Ministry of the Environment requirements regarding locations of the system on the same property as the use that it serves, Municipal Staff recommend an additional condition of consent being:

THAT the Municipality's Septic System Inspector provide written confirmation that:

1) THAT The owners have applied for and received a permit to install a septic system in conformity with the Ontario Building Code on the lands currently described as "Con 3 WBR Part Lot 34, RP 3R3233; Part 4" and having Roll No. 41 09 620 005 04200;

2) THAT the septic system referred to in (i) has been installed within the lands that are proposed to be added to the existing lot at 149 Hardwick Cove Road, but not connected to any dwelling;

3) THAT the septic system on the property described as "Town Plot of Hardwick Part Lot F; RP 3R3233 Parts 1, 2 and 3" and having the Roll No. 41 09 620 005 20000 has been disconnected from the existing dwelling on the same property; and

4) THAT the owners have supplied a statement of contract with a licensed septic system installer to connect the septic system referred to in (i) and (ii) to the cottage at 149 Hardwick Cove Road upon registration of the certified consent with the Land Registry Office of the County of Bruce.

Correspondence was received from the public, two (2) which were in support, one requiring information and one which was opposed to the zoning amendment with concerns for precedent and protection

of unique vegetation, fish habitat on the shoreline and disruption of the natural balance and requested consideration of Bruce Peninsula as a UNESCO World Biosphere that should continue to be protected. The Planning Department responded that the application has been accompanied by a topographic survey which identified that the area of environmental hazards to buildings and structures is less extensive than had been previously indicated and the proposal involves reconfiguring lots and yields a net reduction in the number of lots which could be developed.

In closing, Mr. Van Dorp stated that the Bruce County Planning Department is recommending approval of the Zoning By-law amendment.

There being no further questions or discussion, the following recommendation was presented:

Moved by R. Rouse
Resolution # 16-03-2015
Seconded by T. Boyle

THAT the Zoning By-Law Amendment application Z-18-15.62 for the properties described as Town Plot Hardwick Parts Lot F, and Concession 3WBR Part Lot 34 RP3R3233 Part 4 (Eastnor) BE APPROVED and the necessary by-law be forwarded to Council for adoption;

AND THAT the Municipality's Requested Conditions for consent files B-20, B-21, B-22, and B-23 be amended as indicated in the attached Appendix 'D'.

Carried
2. Planning Report
Zoning By-law Amendment
David and Julie Henderson
1048 West Road
Z-21-2015.62
RE: 4109-620-004-09220

Mr. Jakob Van Dorp, Bruce County Planner, reviewed the report. Mr. Van Dorp stated that the purpose of the application is to amend Comprehensive Zoning By-law No. 2002-54, as amended, for the lands described as Part Lot 13 Concession 2 WBR (Eastnor), the amendment is proposing to rezone the retained lands to permit the minimum lot area (for the large parcel) to be reduced from 39 hectares to 37 hectares.

Mr. Van Dorp outlined the nature and intent of the application, providing the location, description, servicing and compliance with the Zoning By-law and the Bruce County Official Plan. He advised that no objections have been received from the agency circulation. The Grey Sauble Conservation Authority (GSCA) identified a natural hazard area along the frontage of the proposed retained lot, as well as an area mapped deer yard by the Ministry of Natural Resources, potential for significant

woodlands, and species at risk. The GSCA also provided updated hazard mapping which is incorporated in the draft by-law schedule. The Ministry of Natural Resources (MNR) could not evaluate the significance of the woodland area without an Environmental Impact Study. The MNR suggested the best approach could include a footprint along the edge of the woodland habitat rather than in the middle of the property to reduce disturbance to interior habitat or setting a smaller development footprint will also lessen the impacts overall to the woodlands. The MNR indicated that a deer yard exists on the property, but that the Consent/Zoning By-law Amendment will not have a measurable impact to the function and process of the deer yard. The potential for impact from the proposed activity on an identified endangered species in the area is low. The best management practices should be used to avoid potential impacts to other species at risk such as clearing trees and vegetation outside the breeding bird window (mid-May to mid-July) and locating the building envelope away from areas of exposed limestone bedrock with deep fissures. The building should be large enough to facilitate the siting of building away from the wildland fire hazards. Municipal Staff have provided comments on the proposed conditions of consent.

There was no correspondence from the public in respect of the application.

In closing, Mr. Van Dorp stated that the Bruce County Planning Department is recommending approval of the Zoning By-law amendment.

There being no further questions or discussion, the following recommendation was presented:

Moved by R. Rouse
Resolution # 16-04-2015

Seconded by G. Salen

THAT the Zoning By-Law Amendment application Z-21-15.62 for the properties described as Part Lot 13 Concession 2 WBR (Eastnor) BE APPROVED and the necessary by-law be forwarded to Council for adoption.

Carried
DELEGATION

No 'Delegation' for Council Meeting No. 15-16, June 22, 2015.

CONSIDERATION OF AGENDA ITEMS

1. Public Works Assistant Manager Report No. PW 15-16

RE: Water Bottle Refilling Stations

Council recommended that the two (2) water bottle refilling stations proposed, to be located at the Lion's Head Picnic Shelter and near the Tobermory Washroom Facility, be installed.

The Treasurer will submit a report to the next Council meeting relating to the reserve transfer to purchase the water bottle refilling stations.

Moved by G. Salen
Resolution # 16-05-2015
Seconded by R. Rouse

THAT Council approves the installation of two (2) water bottle refilling stations to be located at the Lion's Head Picnic Shelter and near the Tobermory Washroom Facility while recognizing that funds were not allocated in the 2015 budget;

AND THAT a Staff Report outlining drawing of the funds from reserves to finance this purchase is presented at the next regular Council meeting.

 RE: Consent File Nos. B-30-15.62 and B-31-15.62

William McLeod, 671 West Road - Roll No. 620-4-132-10

Dale McLeod, 677 West Road - Roll No. 620-4-132

Related File No. - Z-25-15.62 (Zoning)

Moved by T. Boyle
 Resolution # 16-08-2015
 Seconded by G. Salen

THAT Council directs staff to submit to the County of Bruce Planning and Economic Development Department, the Municipality's position of no objection to sever, under File No. B-30-15.62, a 2 acre parcel containing a dwelling and garage located at 671 West Road, and add the retained lands to the adjacent parcel located at 677 West Road;

AND THAT Council recognizes that this is a technical consent (under File No. B-31-15.62) for a lot addition (from 677 West Road to 671 West Road) is proposed along with a zoning amendment (under File No. Z-25-15.62) to amend the existing special provision to reflect the amended lot boundaries.

AND THAT the subject lands are legally described as Part Lot 4, Concession 3, WBR, and Part I, Plan 3R-8674, (Eastnor), Municipality of Northern Bruce Peninsula.

AND THAT the following conditions of granting of consent are recommended:

1) THAT, pursuant to Section 53(42) of the Planning Act, 1990, as amended, the Certificate of Consent be affixed to the deed within one year of the giving of the Notice of Decision. [NOTE: Section

53(43) of the Planning Act requires that the transaction approved by this consent must be carried out within two years of the issuance of the certificate (ie. stamping of the deed);

2) THAT the applicant pays the appropriate fee at the time of certification of the deeds;

3) THAT the Municipal Clerk provides a written declaration that a successful zoning amendment by-law is in force and effect pursuant to the provisions of the Planning Act, 1990, as amended in accordance with File No. Z-25-1 5.62;

4) THAT the Municipality provide written confirmation to the Approval Authority that the municipal conditions as imposed herein have been fulfilled.

5) THAT, with respect to File No. B-31-15.62, the application is for a lot addition only and that the lands to be severed will be merged under the same ownership as the abutting lands and that Subsection (3) or (5) of Section 50 of the Planning Act, 1990, as amended, apply to an subsequent conveyance. A copy of the registered deed to the abutting lands shall

be filed with the Approval Authority for the County of Bruce;

6) THAT, with respect to File No. B-30-15.62, the application is for a lot addition only and that the lands to be severed will be merged under the same ownership as the abutting lands located at 677 West Road and that Subsection (3) or (5) of Section 50 of the Planning Act, 1990, as amended, apply to an subsequent conveyance. A copy of the registered deed to the abutting lands shall be filed with the Approval Authority for the County of Bruce.

Pucker Up, The Kisses Are Coming:

Lion's Head Hospital Auxiliary Kisses Fundraiser August 1st

Submitted by Cathy Viscount

The August Long Weekend is coming and with it Lion's Head Homecoming. The village will be humming with activity. While you are out and about, keep your eyes peeled for the red shirts of our very own Lion's Head Hospital Auxiliary members. They

have KISSES for you. Lots of KISSES.

On Saturday, August 1 scattered throughout town you will see our ladies in red exchanging KISSES for donations. Remember, all proceeds go towards supporting our wonderful local hospital. It's easy, give a donation, get a KISS: a cool, chocolate KISS.

Are you going to be at the grocery store? We'll be there. How about the LCBO? We'll be there. In fact if you're there, well, we will be too. Remember, it is all for a good cause, our local hospital.

So, Pucker Up, the Kisses are Coming!

St Edmunds Peninsula Museum News: Local Carvers To Host Demonstration July 30th

Submitted by Rob Davis

First World War Remembrance

It seemed only fitting that July 17 was a rainy day as the St Edmunds Peninsula Museum recognized the veterans of the First World War. Descendants traveled from afar and were joined by local relatives and friends to honour the 42 young men from St. Edmunds Twp. who fought in World War I between 1914 and 1918. Half of these veterans had been in the 160th Bruce Battalion which is celebrating its 100th anniversary. It was a memorable day for a ceremony that also included photos of the veterans and displays of their memories from that time. It was especially gratifying to witness the pride of

Photo: The Tobermory Legion Br 290 Colour Party at the WWI Veterans Recognition Ceremony.

of the descendants as they talked of their fathers, uncles and grandfathers and their special place in the history of our country and community. If you missed the event, a portion of the displays will be at the museum for the next couple of weeks.

A general big thank you goes out to all who helped to organize this event, participated in the ceremony and the display area. Thanks to those who attended as well as those who, while unable to attend, sent photos, documents and regrets. A large thank you goes to Shirley Johnstone for her role in organizing the event and making it a success.

Local Carvers Coming July 30

For the second year, members of the local wood carving club will demonstrate

their skills at the museum between 1 and 3 PM. This is a great opportunity to observe skilled carvers creating unique artwork from what may seem improbable blocks of wood. If you have ever been curious about carving, thought about taking it up as a hobby, or simply want to watch those who make it look easy, this is a great opportunity.

Photo L-R: Bruce County Warden Mitch Twolan, Grey-Bruce-Owen Sound MP Larry Miller and MNP Mayor Milt McIvor were amongst those who attended the St Edmunds Peninsula Museum WWI Veterans Recognition Ceremony on July 17th.

Tobermory Legion News: Branch BBQ August 8th

Submitted by Teri Reid

Can you believe we are coming to the end of July! The weather has been great. We still have a lot going on at the Legion. Our weekly meat draws are on Saturday afternoons at 4pm, then come back for our dance, music provided by a DJ.

Join the Ladies Auxiliary at the Tobermory Community Centre on Wednesday nights for Bingo at 7pm.

Photo (Left)L-R: Tobermory Legion Br 290 out-going President Rick Lane passes the gavel to newly elected President Doug Smith.

We are hosting a BBQ after the meat draw on August 8th. Stay and have your dinner at the branch.

We are open Thursday, Friday and Saturdays at 3pm. Branch 290 is located at 7437 Highway #6. Check our website www.tobermorylegion.org

During our spring elections some additions were made to the executive. Shown is the out-going President Rick Lane passing the gavel to newly elected President Doug Smith.

Supporting your Legion is supporting your community!

Outdoor Fitness Equipment Installed

Newly installed fitness equipment at the Meeting Place Park at Tobermory. The pea gravel was spread out to make a comfortable walking surface and Chief Steve Tiernan brought out the fire truck to rinse the mud off the gravel. The Skate Park, Fitness Park and Community Gardens are being dedicated at a celebration on July 27.

Habitat Build Making Great Progress

The Habitat for Humanity house near Tobermory (at Munn's corners, McArthur Rd and Cape Hurd Rd) has four walls and a roof. To volunteer with the build (all skill levels are welcome) book a shift at habitatgreybruce.ca.

Photo: Volunteer Geoff Cunliffe is flanked by Habitat's James Jack and Site Manager Al McDonald.

Peninsula Hiker Finishes 50th Bruce Trail End-To-End Hike

Submitted by Doug Sloan

On July 18th, Bruce Peninsula resident Doug Sloan walked into Bluewater Park in Wiarton, after a scorching 23 km hike, which completed his record-setting 50th Bruce Trail end-to-end from Niagara to Tobermory. The Bruce is some 890 km long, making this feat equivalent to circumnavigating the world.

Photo Credit: Nils Stockinger

Photo: Doug Sloan is congratulated by friends and fellow hikers after completing his record-setting 50th Bruce Trail end-to-end hike.

Doug was followed or greeted by 45 of the many friends he has met over 25 years of hiking. The arrival was celebrated in true party fashion with fanfare, cake and bubbly. A BBQ was later enjoyed by all in Look About Bay.

"I intend to continue hiking", said Sloan, a life member of the Bruce Trail Conservancy and now a member of the Peninsula Bruce Trail Club, "but will be spending more time on the beautiful Peninsula, where I currently reside, and focusing on my responsibilities as a trail captain in the Dyer's Bay area".

The Bruce Trail is totally dependent on its members and on volunteers to do the maintenance required to keep it open for hiking.

Doug will be leading the Peninsula Club end-to-end hikes, nine in total, over the next two months. He is also active in trail maintenance and clearing on the Peninsula. Congratulations Doug!

For more information on the local Bruce Trail organized hikes visit www.pbtc.ca

If you're driving on Ferndale Road and notice a sea of unfamiliar lavender flowers in some fields on the south side of the road — it's flax.

Lion's Head & District Minor Ball Update: Cheer Them On Monday Nights At 6:00pm

Submitted by Carrie Thompson

Lion's Head and District Minor Ball would not be able to run smoothly without the help of our local volunteers and sponsors. We are very lucky this year to have a sponsorship from Pat Boyle of Boyle Concrete. The funds went towards uniform T-shirts for all of our T-Ball players, which we purchased from

Rob Kelly of Bruce Pro Sports. Kids who registered before the deadline also received their last names on their shirts. Thanks to Pat and the gang at Boyle Concrete!

We have more than 30 players this year on our T-Ball team from Tobermory to Mar, as well as a few seasonal residents. Come to Ferndale and watch our T-Ballers play every Monday night at 6:00pm.

Photo Credit: Carrie Thompson

Photo: Pat Boyle (left) with the Lion's Head and District Minor Ball players, coaches and executive. Boyle Concrete generously sponsored this year's uniforms.

Tickets are available at many great businesses throughout the Peninsula, including Diver's Den, Reader's Haven, Marydales, Summer House Park, Timber Mart, Solway's Farm Market, Northern Confections, North on Six, Stokes Bay

General Store and Liverance Home Hardware.

Watch for our Biosphere display featuring Bayside Astronomy, Six Streams, Phragmites Removal and Water Monitoring projects at festivals this summer.

Check us out at www.bpba.ca.

Bruce Peninsula Tourist Association: Ferndale Info Centre In Full Swing

Submitted by Catrina Dodge, Chair

Once again, the BPTA are managing the Ferndale Information Centre. We have hired two students and a coordinator to look after the daily operations. Kendra Wipp returns as the coordinator this summer along with our terrific students, Abby Myles and Cori Shearer, who are hard at work helping Kendra and providing excellent customer service to all our visitors. The season got off to a late start, but the last 2-3 weeks have

been very busy with visitors looking for accommodation every weekend, inquiring about what there is to do and how to get there. If you have a local tourism business, remember you can drop off any brochures to the information centre. If you require brochures, please stop by and say hello and pick up our Beautiful Bruce Peninsula Guidebook.

Our organization is recruiting for help with various committees that will begin to meet in September this year. If

you are interested in joining the BPTA with any interest in the following committees: Publishing and Advertising, Membership and Business Services or By-Law Review & Policies, please send an email to info@brucepeninsula.org or call the office at 519-793-4734.

As many of you may know, Anne Weir passed away on July 10th at the age of 72. Anne was a driving force behind our tourism organization and

the yearly production of the Beautiful Bruce Peninsula Guidebook. She was still an active BPTA volunteer and held the position of Chair until April of this year. Over the years, Anne had been the recipient of many volunteer awards including the Charlie Kelly Award in 2002. She had been on many committees related to regional tourism growth and local tourism here on the Bruce Peninsula. Anne will be greatly missed by her friends and our organization.

Harbourside Music Recap: Weeks 3 & 4 - Brooklyn Hewton & Ladies of Note Entertain Crowds

Submitted by Helen Westover

On another Friday evening, sharp at 7:00, a crowd of more than 200 brought their chairs and blankets and settled in for a great evening of music.

First on the program was a young lady who has a large number of followers on the Peninsula. Brooklyn Hewton has been fiddling around the area for more than 8 years. I first noticed her at the Farmers' Market where she bravely fiddled away for many spectators and allowed other musicians to play along. She has grown greatly in the past years, entering many competitions, playing at many venues and traveling to New York to play in Central Park, Battery Park and at the 9-11 Memorial Park with a local group. Brooklyn has also developed a fine touch for playing classical selections. Brooklyn's striking and plucking of her violin demonstrated how far she has come and well she is doing. She has achieved high marks at the Kiwanis Music Festival.

For the middle act, David Nixon, who has played music for all to enjoy for many years, sang a medley of songs. He is so at ease and draws the crowd into the songs. His touch on the guitar and his choice of music were enjoyed by all.

Next, he and Brooklyn joined together and fiddled some good old fiddle tunes. They played the kind of music that we on the Peninsula grew up listening and dancing around to in the local dance halls

To close out the evening, many, many, many of the campers from Celtic Sports entertained us, singing in different genres, with solos and duets and accompanying each other. Each year we can count on them to entertain us. At the end of the evening the whole group sang a 3-part round and invited the audience to join in.

Another Friday evening ended with a happy crowd heading off home, having enjoyed the music of the night.

Week 4 of Harbourside music was wet and foggy right up until 5:45pm. Where would the music be? At the Harbour or at the Rotary Hall? It was decided it would be at the beach, then it rained and the venue changed, then it stopped and again we were heading for the beach.

What an eclectic mix of music!

The opening performance was a

wonderful surprise. The McClaren Pipe and Drum Band from Wiarton came marching in to the skirl of the bagpipes (skirl is defined as the shrill, wailing sound, esp. of the bagpipes). It was evident that the crowd was into the bagpipes. The crowd stood and clapped them in as they marched onto the grounds. They were under the leadership of Harvey Rush, a youngish 91 year old piper. There were 13 present to play for us, a group of young and old, men and women, all dressed in the beautiful tartan. The youngest member, an 11 year old, was not with them, but is training. It was so enjoyable to sit back and listen, as they took us through songs of different moods and historic importance.

An a cappella group, Ladies of Note, sang as they entered the stage area. This group of 10 ladies sing in 2-part and 3-part harmony, under the leadership of Susan Klages. Their songs, sacred or secular, floated in the air as the fog rolled in and out, sometimes hiding the escarpment from our view. About half of the group have been singing for all of the 12 years that they have been together and the other half have been added along the way. Black is the colour of their choice with each lady adding a dash of colour with a scarf of their choosing.

The last performer of the night was

Jack Darby, who introduced himself as a singer/guitarist, who sings cover tunes and also some that he has written. Jack is a young yet mature artist who sings in an ethereal voice. He has a very good mastery of the guitar, which shows the mood of the lyrics of his songs. He is very at ease at the mic and spoke of the different pieces of music he presented. He wrote a love song to his girlfriend, who is the reason he has come to Lion's Head. I am glad that they have met, and thus we got to hear his music.

The crowd was very appreciative of his performance and I know they will be glad to have him return next year. Many in the crowd approached him off stage and expressed how much they enjoyed him. They encouraged him to continue since he had a certain "something" that would do him well as he continues on with his musical journey.

Remember Harbourside Music every Friday evening at 7:00pm sharp. Some great music is lined up for the month of August.

Biosphere Association Hosting Shoreline Living Workshop July 29th

Submitted by Sean Liipere, Bruce Peninsula Biosphere Association

We are all connected to the beautiful, unique and important shorelines of the Bruce Peninsula and these spectacular areas are vital to a healthy environment and a healthy community. The Bruce Peninsula Biosphere Association is hosting a FREE community workshop

about living on the Bruce Peninsula's shorelines. The workshop will share important information to help property owners protect both the natural features and the value of their properties by providing a series of simple stewardship practices on topics such as: Wastewater and Septic Systems, Gardening and Landscaping, Stormwater Management,

Living with Wildlife and more!

The workshop will be held on Wednesday, July 29 from 6:00pm-9:00pm at the Municipal Office at 56 Lindsay Road 5. Snacks and refreshments will be provided and there will be opportunities to take home prizes that will help you get started as a shoreline steward. If you have

questions about the workshop, please contact Sean Liipere at (519) 373-9788 or sean_liipere@hotmail.com.

Hope to see you soon, and welcome back to our returning customers!!

COPA For Kids Held At Warton Keppel International Airport

Submitted by Andy and Irene Loucks

On Saturday, July 11th a COPA For Kids was held at the Warton Keppel International Airport. If you are not familiar with this event, it is a day sponsored by the local COPA group, COPA Flight #68, Warton for young people ages 8 to 17 to receive a free airplane ride over Warton, Hepworth, Sauble Beach and Shallow Lake. Next COPA For Kids is on Saturday, August 8th, rain date is August 9th. Sign up by phoning Sharron Colter at 519-793-3473. More info available on the website www.flywarton.com

Ah, but you ask, what is COPA ?

COPA stands for the Canadian Owners and Pilots Association. However, you do not have to be a pilot to be a member. There are pilots in the group but there are also members who have an interest in aircraft, airports and aviation in general. The COPA Flight #68 meets the first Saturday of the month at 9:30 a.m. at the airport. Next COPA Meeting will be Saturday, August 1, 2015.

This local COPA Flight sponsored a day for children ages of 8 to 17 to experience a flight over our beautiful area. The day consisted of an up-close examination of, and explanation about, an aircraft, an actual flight complete with a signed pilot's log book, a wings lapel pin and a lunch. All of this was provided free of charge by this group.

The pilots who donated their time and fuel came from our immediate area as well as from our neighbouring airports. We originally started with three pilots but, through word of mouth, we welcomed four additional volunteer pilots by the starting time of the event. Pilots love to help other pilots and share their love of aviation with others. Many thanks to all of you. The pilots came from Lion's Head, Warton, Hanover, Durham, Owen Sound and Brantford.

The day offered 53 children a chance to fly over our area on a beautiful sunny day with the visibility being

perfect. The words for the day from many of the children were "WOW" and "AWESOME".

Not only were these aircraft constantly landing and departing with their passengers but four additional visiting aircraft landed in between. One pilot arrived in a biplane from Stratford and then used an airport courtesy bicycle to ride into town so that he could purchase Sullivan's sausage. Shortly after, two heavy twin engine aircraft arrived, one from Ohio, the other from London. The group of ten from Ohio were here to reunite with their friends and families at Evergreen Lodge. They expressed their appreciation for assistance upon arrival and the offer of food and beverage while they waited for

their ride. The second party of four had a picnic lunch, again under the shade of the large willow adjacent to the Eileen Vollick garden. They then departed on foot to hike to the park in town. The last arriving aircraft from Barrie met with a waiting family, picnicked under the willow and took family members on sightseeing flights over the peninsula.

As volunteers with this COPA group, we enjoyed meeting many enthusiastic youngsters and very appreciative parents. We also had many engaging conversations with the pilots and occupants of the four visiting aircraft that arrived that afternoon. What a fun day!

This demonstrates a small snapshot of "A Day In The Life" of the Warton Keppel Airport.

THSA Chi-Cheemaun Dinner Cruise Fundraiser: Cruise Quiz #4

Submitted by Carol Herman

The Chi-Cheemaun comes in, the Chi-Cheemaun goes out...but on Saturday, September 12th she will depart with 200 guests on a fun-loving evening cruise of everything good; company, food, entertainment and bidding. She'll make her own wake and follow no others' slipstream as she takes us eastward along the rocky escarpment with waves glistening and rocks glowing gold in the sunlight of early evening.

If you've been fortunate enough to get a ticket for this special event, consider yourself lucky and use that luck

for bidding on the various items in either the silent, closed, or open auctions.

If you haven't got a ticket to ride, call Rob Davis 519-596-8766 or Dave Robertson at 519-596-8373, there are only a lucky few left.

This is a win, win for everyone, the recipients of this fundraiser, Wheels for Hope and Bruce Peninsula Hospice, and you the ticket holder/winning bidder. Cross your fingers and let "Luck be a lady tonight."

Enter the Cruise Quiz

To enter the quiz, simply send an

email with your name and answers to the five phrases to cruise5quiz@gmail.com or cut out this article, circle your answer, print your name and phone number on it and leave it at the Reader's Haven Book Store in Little Tub Harbour with Sue, she'll be happy to collect your entries.

You might get extra credit by providing the actual correct answer to the false phrases. Each issue of the Bruce Peninsula Press, up until the cruise date, will have a new quiz. The winner of all 5 quizzes will receive a nice surprise to be presented during the dinner. In the event of a tie, a tie-breaker quiz will be given before the winning presentation.

Look for the CRUISE QUIZ in the next issues of the Bruce Peninsula Press.

THIS IS QUIZ NUMBER 3

1. The Chi-Cheemaun Makes Five Trips (Back and Forth) a Day – True or False
2. The Fifth Parallel Runs through Lion's Head – True or False
3. Cinco de Mayo is A Mexican Celebration – True or False
4. There Are Five Ingredients in Häagen-Dazs Ice Cream – True or False
5. Circuses Usually Have Five Rings – True or False

Tobermory Library News: Klash The Clown Visits August 5th

Submitted by Katie Hauck

August is filled with lots to do at the Library!

What Is Happening:

- KLASH the Clown visits the library on August 5th from 1-2pm. Come for a laugh!
- REEL ART CONTEST ends on August 28th. Come to the library for more details!
- Every Thursday from 1-2pm the library hosts the TD SUMMER READING PROGRAM – Story time and an awesome craft! Upcoming crafts include Bubble Painting, Knights Shield, Friendship Bracelets and Foosball Tables!
- MAKERS CORNER is every Saturday from 11am-1pm.
- LEGO runs August 5, 12, 19 & 26 from 3:30-4:30pm.
- CHALK THE WALK on August 10 & 17 from 12:30-4:30pm.

and crazy. Standing-on-the-balcony-firing-paintball-guns-at-men-who-want-to-talk-about-Jesus-crazy. She is also Elsa's best, and only, friend. At night Elsa runs to her grandmother's stories, to the Land of Almost-Awake and the Kingdom of Miamas. There, everybody is different and nobody needs to be normal.

So when Elsa's grandmother dies and leaves behind a series of letters apologizing to people she has hurt, it marks the beginning of Elsa's greatest adventure. Her grandmother's letters lead her to an apartment building full of drunks, monsters, attack dogs and totally ordinary old crones, but also to the truth about fairytales and kingdoms and a grandmother like no other.

Come visit and checkout a book. REDISCOVER YOUR LIBRARY!

THANK YOU

I'm Back! I would like to thank all my friends, customers and neighbours who were so supportive during my time in hospital and recuperation. I am still not walking but I am opening the store daily from noon to 4 pm when I am able. Please drop in and say Hi if you are in town. I would like to say a special thank you to the two ladies, from Lindsay township, who stayed with me until the ambulance came. I didn't get your names but I really appreciated your kindness.

Helen Greig,
 Greig's Fabrics.

We wish to extend our heartfelt thanks for the kindness and support shown in the recent passing of our wife and mother. Thanks to our family and friends for all of your love and caring. Thank you to everyone who called, visited, sent food and prayers. Thanks to Dr. George Harpur for giving us the guidance and support needed to care for Toni at home, as well as all the care given by the VON's. Thanks also to Tom Whitcroft and his son Jeff for all of their help. Lastly we want to thank the community of Tobermory for caring so much about us and for filling the hall on a busy afternoon in July.

Love to all
 Richard & Tanner Huehn

Fred and Jean would like to take this opportunity to thank all our friends, who phoned, sent cards or emailed us, for their best wishes at our recent good luck, it was really appreciated!

Fred and Jean Van Tooren

OBITUARY

BASKERVILLE, Isavela Janet peacefully at Golden Dawn Nursing Home, Lion's Head early Monday morning July 20, 2015. Vee Baskerville (nee Perry) formerly of Chesley and Durham in her 96th year. Beloved wife of the late James Leonard Baskerville. Cherished mother of Denise McInnis of Keene, Roger and his wife Karen of Warton and Barrow Bay, Leonard (predeceased 2002) and his wife Kathy of Peterborough, Ted and his wife Ann of Waterloo and Barrow Bay, Don and his wife Tracy of Chicago and Barrow Bay, Patricia and her husband Fred Pentz of Sarnia and Judy and her husband Dan Nicholson of Goderich and Barrow Bay. Cherished grandmother of 14 and great grandmother of 8. Dear sister of Al Perry and his wife Doris of Sydney, B.C. Predeceased by sisters June and Beryl. Special aunt to Joe Stott of North Vancouver. Vee proudly enlisted in the Royal Canadian Air Force Women's Division in 1943. She served her country by working in a nutrition lab at the University of Guelph. Postings to Sydney N.S. and Dartmouth N.S. followed. It was in Dartmouth where she met her future husband Jim who also served in the Royal Canadian Air Force. Private family funeral arrangements entrusted to the George Funeral Home, Lion's Head Chapel, Lion's Head. Interment Eastnor Cemetery. Expressions of remembrance to the charity of your choice would be appreciated. Messages of condolence may be sent to the family through www.georgefuneralhome.com A tree will be planted in the Memorial Forest of the Grey Sauble Conservation Foundation in Memory of Vee by the George Funeral Home.

OBITUARY

WEIR, Flora Ann peacefully at her residence early Friday morning July 10, 2015. Ann Weir (nee Reed) of Lion's Head in her 73rd year. Cherished sister of Roseann Caskey of Calgary, Berta Linddiard of London, Joe Reed of London and John Frey and his wife Sandra of London. Sadly missed by many nieces and nephews. Predeceased by her son Stanley (1983) and sisters Margaret Best and Theresa Reed. Friends called at the George Funeral Home, Lion's Head Chapel Tuesday from 2:00 to 4:00 and 7:00 to 9:00 p.m. A graveside service was conducted Thursday July 16, 2015 at Zion 7th Line Cemetery, 5193 Cobble Hills Rd, London, Ontario. Expressions of remembrance to the Lion's Head Hospital or the Bruce Peninsula Tourist Association would be appreciated. Messages of condolence are welcome at www.georgefuneralhome.com A tree will be planted in the Memorial Forest of the Grey Sauble Conservation Foundation in memory of Ann by the George Funeral Home.

MEMORIAM

Hofstrand - In loving memory of Joey Hofstrand August 10, 2014.

Every day in some small way,
 We miss you more than words can say.
 How constantly we think of you,
 With hearts and eyes that fill.
 The love in life we had for you,
 In death grows stronger still.
 In our hearts you will always stay,

Loved and remembered every day.
 Love Stan and Family

You're Invited To A Free Workshop On Septic System Management August 22nd

Photo: A.J. Arps from Bruce Peninsula Septic performs a demonstration at the previous Septic Workshop on July 17th.

Submitted by
Amanda Stanger,
BPBA
Environmental Tech

The Biosphere Association is holding workshops for local residents that will provide information on the importance of septic maintenance and how to manage your home and cottage water quality. The workshop will take place from 10am to noon on Saturday, August 22nd at the Stokes Bay Community Centre. All are welcome to

come out to this free workshop, which will provide insight on how to best manage and treat your septic and water supply, prevent environmental issues and ensure clean water for your home. Refreshments will be provided. A.J. from Bruce Peninsula Septic will be doing a demonstration and will help answer any questions of concern. In the long term, proper septic system maintenance can save you money and any future troubles.

The Biosphere Association

has produced a Conservation and Stewardship Plan for the Peninsula and is working on implementing it. Improving water quality in local streams is a key focus.

For more information on septic systems and how to best manage them, there is information available at www.septic.ca. We are also eager to hear your feedback so please email us at info@bpba.ca with your input. For more information please visit the Biosphere Association website at www.bpba.ca.

In The Garden: Hints From A Mrs Gardener - The Cottage Garden (Not To Be Confused With "Cottage Gardening")

Submitted by Joni Regan

A cottage garden is a look, its a garden that has lots of colour, from early spring when the daffodils and tulips emerge till the last hurrah in the fall.

It has a relaxed fun look to it, nothing formal about a "cottage garden". It's an anything goes type of willy nilly garden. It's a garden that if your Whorled Loosestrife wanted to wiggle its way through, you let it. If your Rose Campion decides to throw her seed all around you tell her to "go for it".

A cottage garden is a garden that you can let cover your entire tile bed, just let her go do her thing. Wild and crazy. Some plants to try in this type of garden are Iris, early yellow Lilies and my favorite early summer flowers, Lupinus. Love these when they seed out with all their colours mingling around the other flowers that are getting ready to make their appearance. Some of these could well be Coreopsis, Black Eyed Susans, Cranesbill, Shasta Daisy, Tiger Lilies, Rose Mallow, Monks Hood, Peach Leaf Bell flower and even Snap Dragons will seed out and give you a good show for the following year. Of course don't forget Fall Asters and Phlox for the fall and a tall grass to add winter interest.

We did a garden a few years ago for a friend who had a fairly big hill behind her house with only a couple of Peonies and tons of Hollyhocks and not much else. After we got it weeded we put in a winding path and started to plant. In went tough, easy to grow plants (all perennials) and a couple of flowering shrubs at the top of the hill just for privacy (it backed on to a busy street). In just two short years it was a mass of colour and the Hollyhocks spread out and another Peony appeared out of nowhere. It was even a much deeper pink (go figure).

Of course with any garden soil is the first and most important thing to deal with. Start with a good quality top soil adding mulch (at least a year old) and some compost.

The trend up here is to build a garden on your tile bed, but there is one thing (no two things) to remember: do not over-water and make sure everything you plant has shallow roots.

Two of my friends have gardens on their tile beds. One is an established garden like I have never seen before and the other just a year old and it promises to

be a work of art. It is gorgeous even after only one year. Both full sun (I so envy them). A perfect place to put a garden and bonus - no grass to cut.

Remember on a tile bed, nothing heavy, no deep roots and no trees, or even shrubs.

If you're just starting out putting in gardens - start small (I should listen to myself). When you start small you can add two or put in several smaller ones that can be joined together by beautiful winding paths. Much easier than putting in big, then having to dig through them later to put in much needed paths.

Oh well, it kept me busy for a few years. So now I'm going out to play in my garden. It is cooler, no humidity and it is calling me, no now it is yelling "get out here woman".

HAPPY GARDENING

JONI

Where to Purchase a Fire Permit within the Municipality of Northern Bruce Peninsula

THE FIRE SEASON EXTENDS FROM APRIL 1ST TO OCTOBER 31ST EACH YEAR

A Fire Permit is required before starting a fire outdoors except when the fire is for cooking or obtaining warmth.

No person shall ignite and discharge fireworks of any class except without purchasing a Fire Permit. No person shall set off Family Fireworks except on Canada Day, Victoria Day Holiday, Civic Holiday, Labour Day, Independence Day (U.S.A), Chi-Cheemaun Festival weekend, or any special day established by Council, as well as the two (2) days immediately preceding and following these days.

Fire Permits may be obtained from the following locations:

Name	Address	Phone Number
Ferndale Drive Inn	2867 Highway #6, Ferndale	519-793-3311
Ferndale Food Mart	2875 Highway #6, Ferndale	519-793-3400
MNBP - Admin. Office	56 Lindsay Rd. #5 R.R. #2, Lion's Head	519-793-3522
Roxy's (formerly Carla's)	6313 Highway #6, Tobermory	519-596-8300
By the Bay	817 Pike Bay Rd, Pike Bay	519-793-3317
Stokes Bay General Store	14 Stokes River Rd, Stokes Bay	519-592-5660
Hoppy's One Stop	7384 Highway #6, Tobermory	519-596-2486
Scott's Home Hardware	73 Main St, Lion's Head	519-793-3446
Much More Camping	7405 Highway #6, Tobermory	519-596-2000

Flying Lanterns Are Not Permitted

Fire Chief Wilf Barnes would like to inform residents and businesses that Flying Lanterns are not permitted within the Municipality of Northern Bruce Peninsula. These products resemble a small paper hot-air balloon, fuelled by an open flame. When released, the hot air produced by the fuel source can lift the lantern to extreme heights and allows it to drift for long distances until the fuel is depleted. These lanterns are often released in large numbers to generate an impressive visual effect. Due to their uncontrolled and unpredictable flight path, these products could land on trees, building rooftops, or other combustible properties while still ignited and cause fires.

RECRUITING VOLUNTEERS

Establishment of Pilot Hazard and Wetland Mapping Criteria Project Steering Committee (PPSC)

The Municipality of Northern Bruce Peninsula is recruiting volunteers to serve on the Pilot Project Hazard and Wetland Mapping Criteria Steering Committee (PPSC). This committee will be established and members appointed by by-law to coincide with the term of the current Council which concludes on November 30, 2018.

This Committee is being constituted to make recommendations to Council, in an advisory capacity, on matters relating to the proposed process for reviewing and updating hazard and wetland mapping and developing a standard set of criteria for hazard lands identified in the Bruce County Official Plan, Northern Bruce Peninsula Local Official Plan and the Comprehensive Zoning By-law.

The Committee will be comprised of eleven (11) members, five of which shall be Members of Council, and the appointees shall possess the following characteristics:

- Members shall:
• Have demonstrated expertise or knowledge in land use and planning matters
• Be able to allocate sufficient time during the day for participating in regularly scheduled meetings
• Have a significant familiarity with the Municipality of Northern Bruce Peninsula as a whole
• Demonstrate a strong interest in, as well as a commitment to, remaining informed on hazard, natural area and associated topics
• Participate as a team member and be capable of acting in a "community ambassador" role

Applications must be submitted on the prescribed form to the Clerk no later than Friday, August 14, 2015 at 12 Noon. The application form is available at the Municipal Office or on line at www.northbrucepeninsula.ca.

All applications will be reviewed by Council on Monday, August 24, 2015.

TEMPORARY ROAD CLOSURE

Bruce County Road 29 from Mill Street north to the corner of Webster Street in Lion's Head will be closed for the 2015 Lion's Head Homecoming Street Dance on Saturday, August 1, 2015 from 5:30 p.m. until 3:00 a.m. on Sunday, August 2, 2015.

CEMETERY NOTICE

In accordance with By-law No. 2012-30, no dogs or other pets are allowed in any of the Municipality's cemeteries

PUBLIC WORKS

Landfill Hours

(April 1 - October 31)

- Eastnor Site - 1252 West Road
Tuesday and Saturday - 9:00 a.m. to 5:00 p.m.
Lindsay Site - 627 Ira Lake Road
Wednesday and Sunday - 9:00 to 5:00 p.m.
St. Edmunds - 71 McArthur Road
Monday and Saturday - 9:00 a.m. to 5:00 p.m.

For Your Information

NBP Drinking Water System Final Rate and Final Financial Plan Reports (27JUN11) are available for viewing at the Municipal Office or on the Municipal website.

Also available for viewing online or at the Municipal Office are:

- 1.Tobermory Sewage Lagoon 2013 Annual Report
2.Lion's Head Water Treatment Plant 2013 Annual Report
3.Lion's Head Water Treatment Plant 2013 Summary Report
4.Tobermory Primary Place Daycare 2013 Annual Report

Landfill Site Update

Polystyrene (Styrofoam) is being accepted at all three (3) Waste Disposal Sites, free of charge. The material is to be placed in clear plastic bags, supplied at the Waste Disposal Sites, and placed in the appropriate container where it will be collected for recycling through a program operated with Grace Canada.

Acceptable materials: white molded pieces and cushion packaging (used for packaging electronics and hardware)

Non-acceptable materials: food storage containers, coffee cups or small packaging (ie. peanuts or popcorn)

BUILDING

Residents are reminded that building permits are required for all construction projects. If, in doubt, please contact the Building Department at (519) 793-3522, X226.

CO Alarms Mandatory In All Homes

The Ontario Fire Code requires that carbon monoxide detectors be placed/installed near all sleeping areas in residential homes and in the service rooms and adjacent sleeping areas in multi-residential units. Carbon monoxide alarms can be hard wired, battery operated or plugged into the wall. All residents are reminded that the six month implementation period expired on April 15, 2015.

SEWAGE SYSTEM NOTICE

The Municipality is responsible for the issuance of permits and inspections of newly installed and/or alterations or repairs for sewage systems. For further information, please visit our website for Guidelines for Submission of Application for a Sewage System Permit and application forms. Questions may be directed to Jim Bell, Sewage System Inspector, at (519) 793-3522, X259 or via email to jim.nbp@eastlink.ca.

BY-LAW ENFORCEMENT

Mayor McIver and Members of Council support enhancement in the provision and delivery of by-law enforcement services in this Municipality. Residents and visitors alike are reminded of the following (excerpts only of specific Municipal by-laws):

Please clip and post this important by-law information on your fridge.

By-law No. 2014-19 - OPEN AIR FIRE BY-LAW

- a fire permit must be obtained prior to setting a fire between April 1st and October 31st each year.
• Campfire/recreational fire shall mean a fire set and maintained solely for the purposes of providing warmth or recreational enjoyment when certain established provisions are also met.

By-law No. 2012-12 - TENT, TRAILER AND MOTOR HOME BY-LAW

- no person shall occupy a tent, trailer and/or motor home or camp on any land that is not designated as a camping area save and except the provisions of Schedule A to this by-law.

By-law No. 2013-08 - NOISE BY-LAW

- loud playing of any radio public address system, or other sound device is prohibited between 11:00 p.m. and 8:00 a.m.
• noise caused by construction equipment or similar is prohibited between 9:00 p.m. and 7:00 a.m. (except during an emergency or with the express permission of Council).

BY-LAW NO. 2013-13 - PROPERTY STANDARDS BY-LAW

- no person shall fail to maintain his/her property in conformity with this by-law.
• the owner shall be required to repair and maintain property or clear the property of all buildings, structures, garbage, rubbish, waste or accumulations of such materials or other safety or health hazards.

BY-LAW NO. 2013-07 - SIGN BY-LAW

- no sign or advertising device shall be erected or structurally altered without first obtaining a sign permit.

BY-LAW NO. 2014-25 - FIREWORKS BY-LAW

- flying lanterns are prohibited in this Municipality
• no person under the age of 18 years shall purchase fireworks
• a fire permit is required to set off family fireworks
• family fireworks may only be set off on Canada Day, Victoria Day, Civic Holiday, Labour Day, Independence Day (USA), Chi-Cheemaun Festival weekend or any day established by Council, as well as the two (2) days immediately preceding and following these days.
• family fireworks may be set off between one-half hour after sunset until 11:00 p.m.

BY-LAW NO. 2015-07 - CLEAN AND CLEAR BY-LAW

- requires that an owner (or occupant) of land will keep clean and clear the land, not including buildings, or to clear refuse and debris from the land.

All by-laws, in their entirety, are available for viewing on the Municipal website under Council, then select By-law Index.

If you are experiencing a situation with by-law matters such as animal control, zoning, parking, camping, contact Carol Hopkins, By-law Enforcement Officer, at (519) 793-3522, X235 (Monday and Thursday only between 8:30 a.m. and 4:30 p.m.) or via email to bylaw.nbp@eastlink.ca

Lion's Head Celebrates Canada Day With Annual Parade

Submitted by Barbara Grison,
on behalf of the
Lion's Head Promotion Group

The annual Canada Day Parade in Lion's Head was short but wonderful, and the rain that threatened us all day held off! The effort that everyone made in supporting the parade was truly appreciated.

Every float that entered the parade got a participation certificate at the start of the parade and the judges agreed

to rework the numbers so that prize certificates could go to all who registered. These certificates can be redeemed at local stores on the central peninsula and merchants will be reimbursed by the Lion's Head Promotion Group.

Thanks to all those who made this event possible: the Minor Ball Association Bottle Return Fund and Tim Hayes for the purchase of the cakes, hot dogs and water; the Bruce Peninsula District School Playground Fundraiser Committee for their work serving the food

(all donations went to the Playground committee) and to the judges, Gwen Guitard and Jim and Lynette Taylor for doing this job (when everyone puts such effort into their floats the decisions are difficult).

For the behind the scenes people: Dave at White's Garage for the use of his parking lot; to the Rotary Club members who magically make the tables appear each year; the Municipality for organizing road closures; the Lion's Head Fire Department for leading the parade

each year; to all the local merchants who redeem the certificates for us, a huge Thank You to all!

And lastly, to the enthusiastic crowd that forms every year to cheer on this event and show their delight, you are appreciated and a very important part of the success of this event! Again, thanks for your effort and support.

Hope to see you all out next year. The date is always the last Saturday in June or July 1 if it falls on Saturday.

Bruce Peninsula Sportsmen's Association Annual BBQ Feeds Hundreds

Photo: MP Larry Miller (former beef producer) shows his vast experience handling beef.

Submitted by Paterson Media

It was a "sizzling success". The 2015 Bruce Peninsula Sportsmen's Association pork and beef barbecue once again got rave reviews. The weather was hot, the food was juicy, and hungry people just kept arriving at the BPSA property West of Wiarton. Hundreds enjoyed top quality pork

and beef with all the trimmings. This is the Wiarton based conservation group's largest fundraiser of the year. The event helps support the BPSA fish stocking program as well as many other programs and projects.

In a show of support for our club, Bruce-Grey-Owen Sound MP Larry Miller and MPP Bill Walker helped carve our top quality beef. And as BPSA President Jim Martell noted "our members know when and how to pull together for the cause. They should be very proud of what we have accomplished over the past year. This event was again a success due to the hard work done by our members."

The beef sold out well before closing time but there was lots of pork, veggies and desserts to please late comers. Expert chefs Ray Marklevits, Gord Smith, Stan McNeil, Dave Baxter and others displayed true barbecue skills.

President Martell extended his thanks to the folks who came out to our barbecue and helped keep our conservation efforts alive. In his words "your participation in our activities is most welcome and appreciated." Event co-chairs Dennis Morrison and Murray Garniss also thanked all BPSA members who came out to do the event setup, serving and tear down.

Sponsors of this event included Lorne Fletcher of Fletcher Sports, Howell's Fish, Bob Bell of the Spirit Rock Outpost and

Photo: Gord Smith and Ray Marklevits display their BBQ skills.

Tackle Store, Fish Crisp, Lucky Strike Lures and Horned Booby Lures.

Since the club started fish stocking more than 50 years ago, Bruce Peninsula Sportsmen members have planted 5-million Rainbow Trout, Brown Trout and Salmon to enhance the sports fishery in Georgian Bay.

When she visited the BPSA hatchery, former Ontario Natural Resources Minister Donna Cansfield commented on what our club has accomplished over the years. Cansfield said "running a fish hatchery is not easy... I'm ..very impressed with the volunteers and the work they do, their commitment and the thoroughness with which they do it."

Today BPSA operates the longest running volunteer/community fish-stocking program in Ontario. It also boasts other outdoor recreation programs including archery, target shooting, handgun and firearms safety training for folks of all ages. We recently completed a very successful Kids Fishing event that attracted nearly 200 anglers aged 12 and under.

The next major event involving BPSA? Club members will help the Sydenham Sportsmen set up the huge tent, which serves as the headquarters for the renowned Owen Sound Salmon Spectacular Fishing Derby. Each year that big tent attracts forty thousand people to a wide variety of derby events.
